

COASTLINE  
MARVIN SIGNATURE® COLLECTION

**Marvin Signature® Collection**

## DESIGNED FOR THE BEST COASTAL VIEWS, ENGINEERED FOR THE WORST COASTAL WEATHER

Built for the most exacting architects, builders, and homeowners, Marvin Coastline doors, previously known as SIW, combine a beautiful aesthetic, design flexibility, and a rigorous impact performance to help fulfill even the most ambitious visions for coastal homes. Coastline doors feature narrow sightlines and a clean aesthetic that will complement a wide range of architectural styles, and you can personalize your design with a custom color, a beautiful wood grain finish, or by creating a unique pattern of divided lites. Coastline doors are available in expansive sizes allowing you to leverage stunning coastal views. The reinforced impact glass and extruded all aluminum frames meet the most stringent hurricane impact code requirements.

Designed and manufactured in Florida, Coastline products are available in select southeast coastal regions.

**About Us**

At Marvin, we're driven to imagine and create better ways of living, helping people feel happier and healthier inside their homes. We believe that our work isn't just about designing better windows and doors—it's about opening new possibilities for the people who use them.

COASTLINE DOOR PORTFOLIO

Coastline Swinging French door and Multi-Slide door

STYLE AND PERFORMANCE

Marvin Coastline doors promise a new possibility for your home. Experience everything life near the coast has to offer with an expansive Bi-Fold or Multi-Slide door featuring tandem rollers for smooth operation. Add a statement piece such as oversized Pivot door that seems to hover in mid air or customize a French door to complement both a modern or traditional aesthetic. If your home or business is threatened by a severe storm or hurricane, you can rest easy knowing that even your largest Coastline door will provide unsurpassed protection.

BI-FOLD

MULTI-SLIDE

PIVOT

SWINGING FRENCH

- Outswing available in widths over 8 feet and heights up to 12 feet
- Can be customized to complement both a traditional and modern aesthetic
- Flood interior spaces with additional light by surrounding your French door with impact resistant sidelights and transom windows
- Inswing and outswing doors available

DESIGN OPTIONS

Coastline Outswing French door with Simulated Divided Lites

INTERIOR AND EXTERIOR FINISHES\*

Coastline is available in eleven low-maintenance interior and exterior finishes that resist fading, peeling, and chalking even under the most extreme coastal conditions. Our palette includes five woodgrain finishes that deliver a natural warmth and beauty. Custom color options are also available.

SIMULATED DIVIDED LITES

Simulated divided lites replicate the look of individual panes while maintaining the advantages of a single pane of impact resistant glass, which is stronger and more energy efficient than multiple panes separated by muntin bars. Available in several profiles and custom configurations to meet an extensive range of design possibilities.

# DESIGN OPTIONS

Coastline Multi-Slide door

## GLASS OPTIONS\*

All Coastline windows and doors are built with impact resistant glass that is engineered to stand up to the punishing winds and flying debris generated by tropical storms and hurricanes. Coastline offers several interlayer, laminated tinting options and decorative glass including Glue Chip, Rain, and Obscure that will increase privacy, reduce solar heat gain, and meet the requirements of Sea Turtle Conservation Codes. Specialty glass solutions for specific project needs like sound management are also available.

### DECORATIVE GLASS

## SCREENS

Features aluminum frames specifically engineered to stand up to coastal weather. Capture cool ocean breezes and take advantage of fresh air while preventing insects, pests, and floating debris like leaves and seeds from entering your home.

\* Several additional decorative glass options are available. Not all decorative and specialty glass is compatible with all products. Visit your local Marvin Coastline dealer for a recommendation on which glass is right for your project.

DOOR HARDWARE

Coastline Pivot door with Ladder Pull in Brushed Stainless

DOOR HARDWARE

Coastline door hardware offers sleek and clean profiles that perfectly compliment the aesthetics of our Coastline doors. Designed for smooth and easy operation, even our largest door panels open and close with little effort. All Coastline door hardware is manufactured with durable, corrosion resistant metals, and the finishes are formulated to stand up to high humidity, salt spray, and the intense UV rays from the sun.
